

NEW Fitment: ROH TRAK 2 LC79 SERIES 'TRUE TRACK'

Our popular ROH 16x8 & 17x8 Trak series wheels are now available in 47N offset to 'True Track' the rear axle of the 79 Series LandCruiser.

16x8 Blak Trak & Trak 2 now enables 79 Series owners to 'True Track' the OEM rear axle set-up so the rear wheel track aligns to the wider front wheel track. 'True Track' your LandCruiser by fitting 16x8 Trak wheels at 0P on the front and 47N on the rear of the vehicle.

This new 16x8 fitment surpasses Australian Standard AS1638 for guaranteed off-road performance and up to **1,275kg** load rating.

Available in super tough black & white powder-coat finish, you can rely on ROH Trak steel wheels to deliver outstanding outback reliability.
