ABS/POLYCARBONATE CONSTRUCTION

## **NEW RELEASE:** ROH Steel Wheel Centre Cap

ROH Wheels all-new steel wheel cap to suit 6/139.7 PCD steel wheels is now available! The cap is CBL compatible allowing for hub-centric fitment and makes fitting ROH steel wheels a breeze.

ROH Wheels is pleased to introduce our all-new steel wheel nut locating cap to suit our well renowned Trak steel wheels.

This new cap is compatible with our range of 6/139.7 PCD steel wheels and suits popular makes including Hilux, Ranger, BT-50, Triton & Colorado(2016+). This rugged yet stylish cap is a great addition to a set of our **GVM+** steel wheels.

The new ROH steel wheel cap has the following features:

- Impact, UV & heat resistant
- CBL compatible design
- Durable satin black finish
- ABS/Polycarbonate construction

With the optional CBL availability, ROH steel wheels just got even better!

**\*Please note wheel CBLs are not a legal requirement & only assist with centralisation of the wheel when fitting to the vehicle.**
